## Flagrant Frauds in Naturalization

Ring Has Been Operating in San Francisco for Eleven Months.

SAN FRANCISCO, July 14.-Two secret service agents, aided by ten United States Marshals, made raids for twenty-four hours, the last of which ended yesterday at 4 o'clock, in the arrest for felony of six water-front men and the surrender voluntarily of a score of fraudulent citizenship papers and mariners' licenses. Special Treasury Agent Richard H. Taylor led the raids, which were continued last night.

Held in Jail. Among those now held in default of heavy bonds are Frank Johnson, janitor of the Ferry building: Gustav Holmgren, a saloonkeeper; Hermson Von Busse, a petty officer on the American-Hawalian steamer Nevadan, Paul Rupmund, master-at-2rms on the revenue cutter Thetis; William Ahistrand, proprietor of the Victoria hotel. Ernest Groessier, a saloonkeeper, and Frank Groessier, a saloonkeeper, and Frank A. Wirtanen, the latter being detained as State witness.

Flagrant Frauds.

Naturalization frauds at this port Naturalization frauds at this port have been flagrant beyond belief, according to the United States authorities, and within the past eleven months the operations of a bold and deflant ring have stocked the court rolls with the names of men in no wise entitled to American citizenship. The detection of these frauds was brought about by the fact that in nearly every case the fraud was carried on and into the office of the local inspectors of hulls and bollers, where the false papers were presented as prima facte evidence of a right to a as prima facie evidence of a right to a license as a master mariner.

SAN FRANCISCO, July 14 -Modeled after the plans of the big immigrant

after the plans of the big immigrant station on Ellis island in New York harbor. San Francisco is to have a detention station that will be adequate in equipment to accommodate the large volume of immigration coming into this port. The station is to be built on Angel island, land for the purpose having been already set aside.

The site selected for the erection of this station is on the northeast coast of Angel island and embraces ten acres of land facing a small bay commonly known as China cove. This selection was made yesterday by F. P. Sargent, commissioner-general of immigration of Washington, D. C.; Commissioner Hart North of the local bureau; William Hamilton, deputy 'collector of customs, and Mr. Lott of the Department of Geology of Washington, D. C.

#### LYNCHED BY NATIVES.

Islanders at First Planned to Burn Negro Murderer.

MOBILE, Ala., July 14.-Capt Doe of MOBILE, Ala., July 14.—Capt Doe of the steamer Condor, arriving here late yesterday evening from Ceiba, reports that the negro McGill, who murdered the crew and eight passengers of the cattle steamer Olympia, has been lynched. When McGill was captured at El Provinci he was placed aboard the Honduran warship Ta Tumbiar and seat back to Utilla island.

The natives were greatly wrought up over the horrible murders and, according to Capt. Doe, they first planned to burn the prisoner, but later he was taken from the officials and lynched. The laws of the Island forbid capital punishment and it was this fact that caused the lynching.

## ROYAL VISIT STARTS RUMORS

Swedish Alliance,

Emperor William and King Oscar in Conference at Gefle.

Public Is Not Informed What They Talked About-Denials by Foreign Office.

BERLIN, July 14 .- The substance of he statement made at Stockholm yeserday to the effect that a Germanwedish alliance was seriously contemplated was submitted to the Foreign Office here today, and the statement was made that the question of an alliance between Germany and Sweden had never come before the Foreign Office, nor had it been discussed to the slightest extent. Of course, the Foreign Office Joseph today, as the Austrian coinage

could not deny that Emperor William and King Oscar had not spoken of an alliance during their interview at Gelle yesterday, because the subjects of their conversations are not known here. Just a Private Visit.

No indication of the result of the meeting between Emperor William and King Oscar at Geffe, Sweden, yester-day, has reached Berlin, nor is any report of their conversation likely to be made public, as it is explained here that this was a strictly private visit of one sovereign to another. The initiative probably will come from this side, as the Emperor desired to have first hand knowledge of the Norwegian-Swedish situation.

Germany Holds Aloof.

The German Government's policy, as the Associated Press is informed, is one of complete alcorness—almost of indif-ference. It is expected here that as a result of the meeting yesterday Emperor William and Germany will be de-scribed in some countries as taking un-due interest in Scandinavian affairs, and in seeking for a way to influence a settlement. Such an idea is disavowed

King of Norway or Not?

Prof. Konrad Bornhak, an authority on international law, discussing the question whether King Oscar is still King of Norway or not, says a definite reply can not be given. He is still King of Norway, according to the constitu-tion of Sweden but according to the tion of Sweden, but according to the to be King of Norway he has ceased to be King of Norway, but there is no doubt as to the propriety of King Oscar styling himself King of Sweden and
